Worthington Home Health Care is Licensed, Insured and Bonded

Marian Worthington, President/CEO of Worthington Home Health Care mission in life is to help others as she did her grandfather. Her grandfather's wish was to age in place and to receive end of life care in the home he had lived in for many decades. A home where he felt safe and raised his family. This deep passion for care giving drives Marian to do extraordinary work in the home care industry in which she has worked for the past 25 years.
